# Contingency Planning

## December 2021

### Contingency Planning in the case of Public Exam Cancellation 2022

A few weeks ago the government published its guidance on contingency plans that should be in place in the unlikely event that Year11 and Year13 exams are cancelled this year. It is important to note that this is a contingency plan and the DfE are confident that exams will take place this year.

The government have stated that all schools must assess students three times across the academic year and keep this evidence in the unlikely event that a TAG process replaces public exams.

In light of this we will be adding an assessment to our calendar just after Easter, in addition to those already in our plans for year 11 and 13: PP1 from November and the upcoming mocks in January. We believe that this contingency planning should not impact the purposes of our normal assessments/mocks:

1. Preparing students for the experience of sitting a full paper as they will never have done this
2. Providing valuable information to teachers and students about what they know and areas for improvement.

It is important to note that elements of the assessments will be used in the highly unlikely event that the exams are cancelled. In this handout we are providing Students information regarding which elements of each assessment will be used along with which topics will be assessed.

**It is vitally important that students revise for whole assessment as this will replicate the real exams which are likely to be the way students are assessed in the summer.**

We will support you and prepare you for your assessments so it is vital that you are in your lessons on time and ready to learn. It is important that students continue to focus on their work and follow the revision guidance given by their subject teachers.

It is not possible for us to enter into conversation with you about the grades to be awarded and what is specifically in the assessments. Please do not ask teachers about this. There are clear restrictions in place that mean that they will not be able to answer.

Dear Year 13 students

Please find below important information regarding the topics to revise in each of your subjects for your mock exams. The document also outlines what evidence will be used to reach a grade from each assessment should TAGs be needed.

**BTECS:** Should BTEC external assessments not take place the exam board will require U-TAGs for each learner based on learner’s performance in internally assessed units from Year 12 and Year 13.

<b>Art</b>
<b>Art and Photography final grade will be based on student’s coursework that they should continue to work on both at home and in class.</b>

Computing	Topics to revise for January Mock	Topics that will be used as evidence
	<p>Paper 1 - Fundamentals of programming, Fundamentals of data structures, Fundamentals of algorithms, Theory of computation</p> <p>Paper 2 - Fundamentals of data representation, Fundamentals of computer systems, Fundamentals of computer organisation and architecture, Consequences of uses of computing, Fundamentals of communication and networking, Fundamentals of databases, Big Data, Fundamentals of functional programming</p>	<p>Paper 1 - Fundamentals of programming, Fundamentals of data structures, Fundamentals of algorithms, Theory of computation</p> <p>Paper 2 - Fundamentals of data representation, Fundamentals of computer systems, Fundamentals of computer organisation and architecture, Consequences of uses of computing, Fundamentals of communication and networking, Fundamentals of databases, Big Data, Fundamentals of functional programming</p>

Classics	Topics to revise for January Mock	Topics that will be used as evidence
	<p>The Odyssey (year 12 content)</p> <p>Books 1 - 6 of The Aeneid (yer 13 content)</p> <p>Imperial Image (year 12 content) Only sources studies in class, prior to the national lockdown in January 2021</p>	<p>10 mark commentary question one excerpt</p> <p>20 mark essay from excerpt</p> <p>10 mark comparison of Odyssey and Aeneid excerpt</p>

	<p>First three units (year 13 content)</p> <p>Solon, Cleisthenes, Ephialtes and the fifth century</p>
