

Georgia Morris 2025

# The Georgia Morris Photography Prize

Georgia was passionate about photography and always had a camera around her neck. She loved capturing the world around her and was particularly inspired by nature and wildlife.

In 2016 after a very brave fight against cancer she sadly passed away, but not without making a significant impact on all of the people she met. She was only at Fortismere for one year, but she loved the school and the creativity that thrived within it. As a tribute to Georgia her family created the Georgia Morris Photography Prize, for students in Years 7, 8 and 9. Georgia's family really hope this will encourage other young students to take up photography and to study it at the school, as she would loved to have done.

# The Georgia Morris Photography Prize - The 2025 Brief

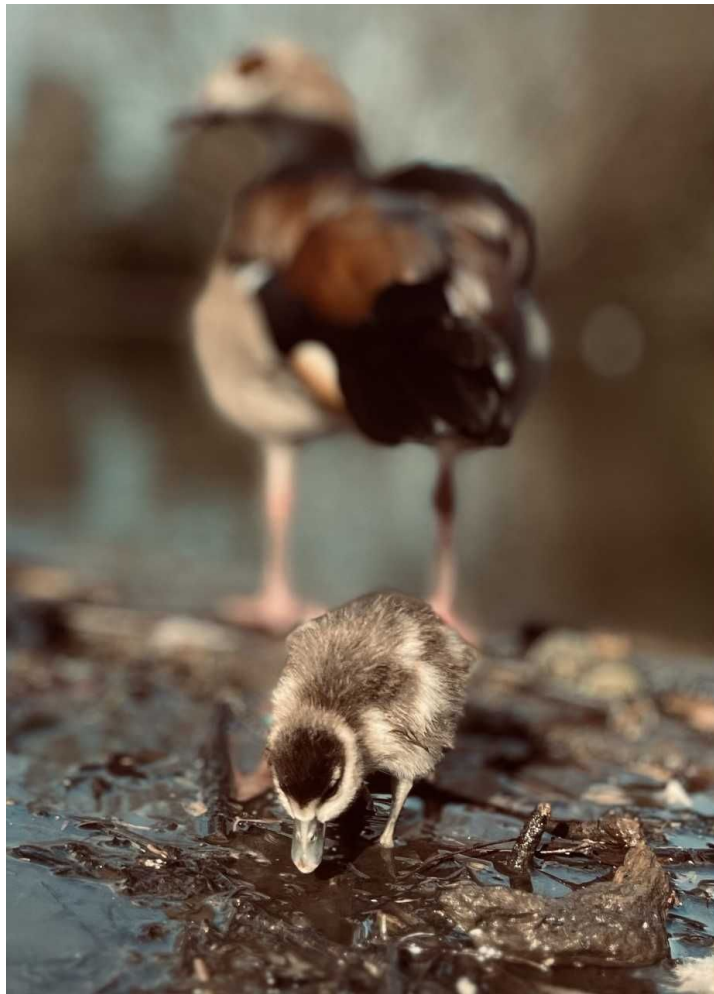

Georgia loved to capture nature as it unfolded before her photographic lens, and from walks on The Heath to days out at Woburn she was fascinated by the natural world. The brief for the competition this year is **“Springtime and New Life”**. This can mean animals, wildlife, trees and plants, landscapes etc. Think about what that means to you and what you might photograph as a response to the brief. Below are some of Georgia’s pictures that will hopefully inspire you and give you some ideas of possible starting points.
