

Dana Shdeed statement

I am delighted to put myself forward as a candidate for the Governing Board at Fortismere. As a parent, I care deeply about ensuring that every child in our school feels valued, supported, and able to reach their full potential. My own children benefit from Fortismere's diverse and vibrant community, and I would be proud to contribute to its continued success. Professionally, I have spent over twenty years working in the education sector, and I currently work for Save the Children International. This experience has shown me how vital schools are in shaping not only academic achievement but also children's wellbeing, confidence, and opportunities in life. I believe these lessons can help me support Fortismere in maintaining high standards while making sure every student feels included and encouraged.

As a family not originally from the UK, I also know how important it is for schools to reflect and celebrate diversity. By joining the Governing Board, I hope to bring this perspective and help ensure that children from all backgrounds and nationalities see their voices represented.

I would welcome the opportunity to work in partnership with staff, parents, and fellow governors to support our children's growth and happiness.
